

Member Reports Summary

Lessons Learned in Developing Partnerships With the Private Sector

ICRAN Mesoamerican Reef Alliance (ICRAN MAR)

- **Developing alliances & partnerships with the private sector**
- **Three components involving broad sector of industry stakeholders**
- **Willingness to participate in actions**
- **Practicing & promoting BMPs**
- **Support and resources leveraged for longer term action**
- **Economic returns as an incentive – making conservation pay**

www.icran.org/action-mar.html

Lessons Learned in Developing Partnerships With the Private Sector

- Green Fins Initiative – COBSEA / Thailand
- Post Larval Capture and Culture, Phase 2 – CRISP
- Private Sector Proteus Partnership – UNEP-WCMC
- Economic Valuation of the Fiji Coastal Reef Food Fish Fishery - SCRFA
- IUCN Strategy and Operational Guidelines for Private Sector Engagement
- Integrated Conservation and Development Strategy – DR

Programmes/Policies in Integrated Ecosystem Management from Watershed to Reef slope

Babeldaob Watershed Alliance (BWA) and Ecosystem Based Management Project - Palau

- Palau's largest island – 90%
- Threats from land use change
- Lack of comprehensive land use policies
- Collaborative process - alliance between communities and state government to improve natural resource management
 - Set aside
 - Community outreach
 - Watershed management plans

Programmes/Policies in Integrated Ecosystem Management from Watershed to Reef Slope

- **Integrated Management Plan: Tana Delta Ecosystem – Kenya**
- **SEFCRI Working Group for Land Based Sources of Pollution - NCRI**
- **Effective Catchment Management and Coral Reefs - GCRMN**
- **Draft Regional Action Plan for Implementation of the GPA – SACEP**
- **Coastal Zone Management and Estuarine Programme – S.A**
- **Integrated Watershed Coastal Area Management Project for Caribbean SIDS (IWCAM) – UNEP-CEP/ GEF**
- **The Reef Water Quality Protection Plan (Reef Plan) – GBRMPA**

Monitoring and Research Activities - Adaptive Management of Coral Reefs and Related Ecosystems

Volunteer Early Warning Monitoring Network for Coral Reefs – Cuba

- Started in 2002
- Multi Stakeholder
- Formally established 2004
- Observe / Report / Action
- Communications network
- Capacity development
- 2004 publication
- Reporting and spatial analyses

Monitoring and Research Activities - Adaptive Management of Coral Reefs and Related Ecosystems

- **Status of Coral Reefs of the World 2008 – GCRMN**
- **Reef Check Eco Diver Programme**
- **The Future of mangroves Under a Changing Climate – UNEP-WCMC**
- **Midway Atoll Marine Debris Coastal Monitoring Project – USA**
- **Socioeconomic Monitoring in the Pacific (SEM-Pasifika) guidelines – SPREP**
- **Cold Water Coral Reefs – UNEP**

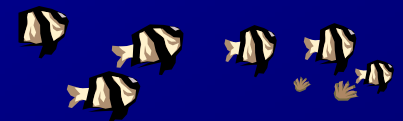

Programs/Policies to Address the Impacts from the Live Reef Food Fish Trade

The Live Reef Fish Food Trade Initiative – Secretariat of the Pacific Community/ SPREP

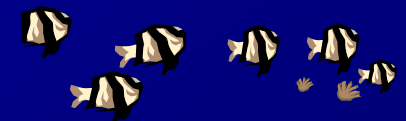

2001 – Developing a common monitoring and regulatory framework for SPC members

- Locally managed fisheries
- Collecting baseline information on resources
- Status of the fisheries/ future potential
- Developing local management capacity
- Developing management plans
- Developing support framework for monitoring & management
 - Management committee
 - Funds
 - Regional monitoring database

Programs/Policies to Address Impacts from the Live Reef Food Fish Trade

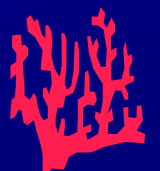

- Palau National congress, ban on live reef fish trade in Palau (2008)
- Sustainable export for the Coral trout, *Plectropomus leopardus* – WWF Philippines/SCRFA
- Advanced Field of Cyanide Detection - USA
- Live Reef Fish Trade: The Boom and Bust syndrome – CRISP

New Initiatives/Programs

Combating Illegal Trade in Wild Life: The Jaipur Declaration – SACEP

- **11th General Council SACEP**
- **Resolution passed for the establishment of the South Asia Initiative for Combating Illegal Trade in Wildlife**
- **South Asia Expert Group on Illegal Wildlife Trade**

New Initiatives/Programs

Developing Capacity

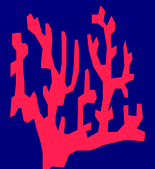

- **Strengthening Public Policies for the Conservation of Mangroves – Brazil**
- **Community of Speyside Marine Environment Improvement Collaboration project (COSMEIC) – CCC**
- **Enforcement of Legislation – Barbados**
- **Enforcement against Destructive Fishing Practices – Tanzania**
- **Training for MPA Practitioners, September 2008, Fiji - NOAA/ IOI- OceanLearns**

New Initiatives/Programs

Institutional Frameworks

- **Strategy Development for the Conservation of Mangrove Wetlands and Related Ecosystems – Ramsar**
- **National Plan of Action for the Coral Triangle Initiative on Coral Reefs, Fisheries and Food Security (CTI-CFF) – Philippines**
- **National Coral Reef Conservation Action Plan – Japan**
- **French Coral Reef Initiative (IFRECOR) Plan of Action for 2010-2015**
- **Marine National Monuments - USA**

Resolutions Taken Forward

Maldives – Status of the Shark Fishery

Upcoming Meetings

- **IMCC, Washington, DC, May 2009**
- **World Ocean Conference, Manado, May 2009**
- **Coral Triangle Initiative Summit, Manado, May 2009**
- **Indo-Pacific Fish Conference, Perth, Australia, May-June 2009**
- **Regional Symposium on MPAs in the Pacific, November 2009**
- **East Asian Seas Congress, Manila, Philippines, November 2009**
- **Gulf and Caribbean Fisheries Institute, November 2009**
